Brightest Star Musical Theatre Camps are ONE-WEEK opportunities for those who love musical theatre (even if you have no experience). Each unique sleep away program features daily classes in voice, acting and dance and culminates in a Broadway title, fully-produced show with costumes, sets and props, and a Broadway Revue for the day camps. At the Sleep Away program, held in Beach Haven, NJ and Winchester, CT, campers room in doubles or quads in beach houses or in cabins on the lake, with counselors present at each house or cabin, have three delicious home-cooked meals per day, (plus snacks) and participate in recreational activities such as the beach, swimming, mini-golf, and nature walks, archery, and fishing. Safety and security are first priority! The owner is in attendance at all times. The staff is comprised of working theatre professionals and NJ certified teachers with outstanding credentials! A different show is produced at each camp. Campers arrive on Sunday at 2 p.m. and depart after final show on Friday or Saturday night. At Lake Camp, our campers will have opportunity to interact with non-musical theatre campers at Camp Berger. The day programs are held at our Morristown location. Girls traditional day, ages 3-16

The **Sacajawea Day Camp** experience is like no other. We provide girls, ages 3-16, with a summer of adventure with a focus on Girl Scouts' appreciation for nature and exposure to the great outdoors. Best of all, you don't need to already be a Girl Scout. The activities we provide, such as hiking, camping, canoeing and archery offer campers opportunities to have exciting, girl-led outdoor adventures while learning important skills that teach valuable life lessons, like self-reliance, leadership, and perseverance.

Most importantly, at camp, girls take the lead in an all-girl safe space where they're free to explore, learn and have fun without the pressures and social anxiety that can result from a coed environment. That's why, for more than a century, camping has been a cornerstone of the Girl Scout experience. Our organization remains committed to ensuring that girls have opportunities to take part in everything that camp has to offer. Additional activities to choose from are equestrian, cooking, technology and leadership programs. Camp begins June 18 and runs for 10 weeks. Visit our website www.sacajaweadaycamp.com for more information.

Science Camp at Liberty Science Center is a full-day summer program for children entering grades 1 through 8 excited about exploring the world of STEM (Science, Technology, Engineering, and Mathematics).

How is Science Camp at LSC different?

We offer fun, hands-on, inquiry-based courses in various disciplines of STEM. Children are encouraged to explore, ask questions, collaborate, design and test different ideas and concepts. Our knowledgeable and supportive STEM educators lead campers through week-long explorations using real-world science and technology skills and tools. Each session concludes with a Friday afternoon showcase for family and friends.

Instead of a rigid structure, we give our campers choice. Instead of teaching kids the typical way, we give them tools and gentle guidance to help them become autodidacts. There are a gazillion ways for kids to design a day at camp. One camper might dive into cooking and animation while another rock climbs before playing in our inflatable soccer stadium. It's up to them. The schedule of the day is designed to create a balance of free choice, all-camp spirit events and times where kids take a break from the action to get to know each other and their counselors.
